

EDITORIAL CONCEPT · ATHENS · 1-2 OCTOBER 2026

# Athens, *as it is.*

*The laiki, the periptero, the kafeneio, the port.*

An editorial set inside everyday Athens rather than in front of it. The model lives in real places, with the people who work there in frame: the fruit seller, the kiosk owner, the old men over tavli, the fishermen at Piraeus. Shot on 35mm film in natural light. Styling that feels found, not placed.

01 · LAIKI & MONASTIRAKI

# The market

Neighbourhood street markets and the Monastiraki flea market. Crates, awnings, stall owners, antiques piled on pavements. The model shops, eats, waits, bargains.

02 · PERIPTERO & KAFENEIO

## The regulars

Kiosks plastered with newspapers and cigarettes, souvlaki counters, old kafeneia with plastic chairs and tavli boards. Locals stay in the frame.

03 · PIRAEUS

# The port

Ferries, rope, fishing boats, men with lines off the harbour wall. Salt, rust, work clothes against fashion.

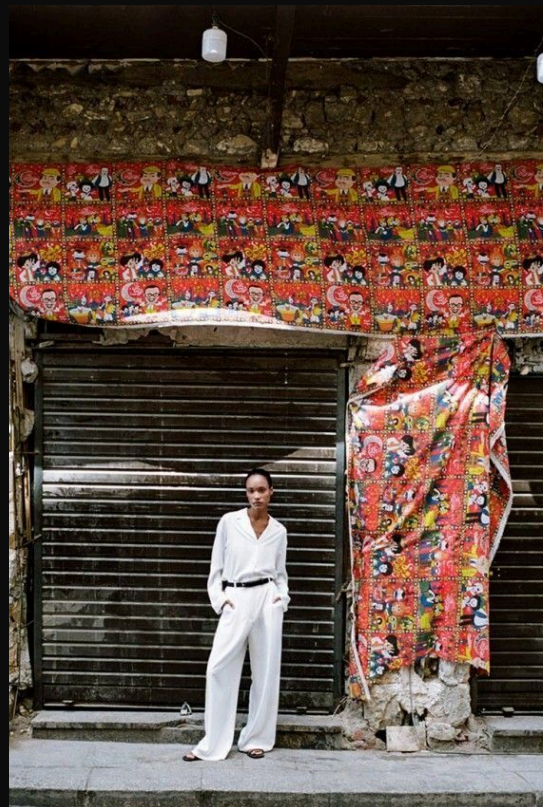

04 · EXARCHIA & PSYRRI

## The walls

Tagged shutters, faded posters, motorbikes parked on the pavement, hand-painted shop signs. The city talking back.

## 05 · THE PLAN
